Introduction

Directory Distribution – only one paper copy is being made available to your library. You are encouraged to use the on-line version of the Montana Library Directory.

On-line Version of the Montana Library Directory – here are the instructions to use the on-line version of the directory. To access the Montana Library Directory you need to use this web address – http://www.msl.state.mt.us. This will bring you to the Montana State Library homepage. Under "On-line Publications" you will see "Montana Library Directory [PDF]" and "On-line Montana Library Directory." If you wish to download or print the directory, choose the PDF version. The other link will take you to an online searchable database. From that page you can select the "Browse" feature and choose the library that you would like to see and this will bring up all of the directory information about that library. We would like to encourage you and all of your staff members to use this version.

Future Directory's -- future directory's will be printed in January of each year and distributed every February, with one copy going to the library and others encouraged to use the on-line version. **This means that every library will have until December 31st of each year to make changes to their library information for the new publication produced each January.** In February of each year, the on-line PDF version of the directory will be available to print if your library would like more copies.

If you have any questions or comments about this publication process, please contact Diane M. Gunderson, Data Coordinator, Library Development Department at 406-444-5349 or email at dgunderson@state.mt.us.
